#### **HIKE & HELP TREAT HEMLOCKS**

Save Georgia's Hemlocks and the Benton MacKaye Trail Association are jointly sponsoring a hike/hemlock treatment event Saturday, Oct. 1, 10 a.m. to 3 p.m. between Ellijay and Blue Ridge. The event includes a family-friendly hike through some beautiful woods, a picnic, a bit of learning, plenty of time to get to know other folks who care, and a chance to help some hemlocks along the way. Participants must register in advance and let us know if you want to hike and treat trees or just hike. Space is limited. 706-429-8010 or [donna@savegeorgiashemlocks.org](mailto:donna@savegeorgiashemlocks.org).
