

Project Details for Hemlock Treatment Project

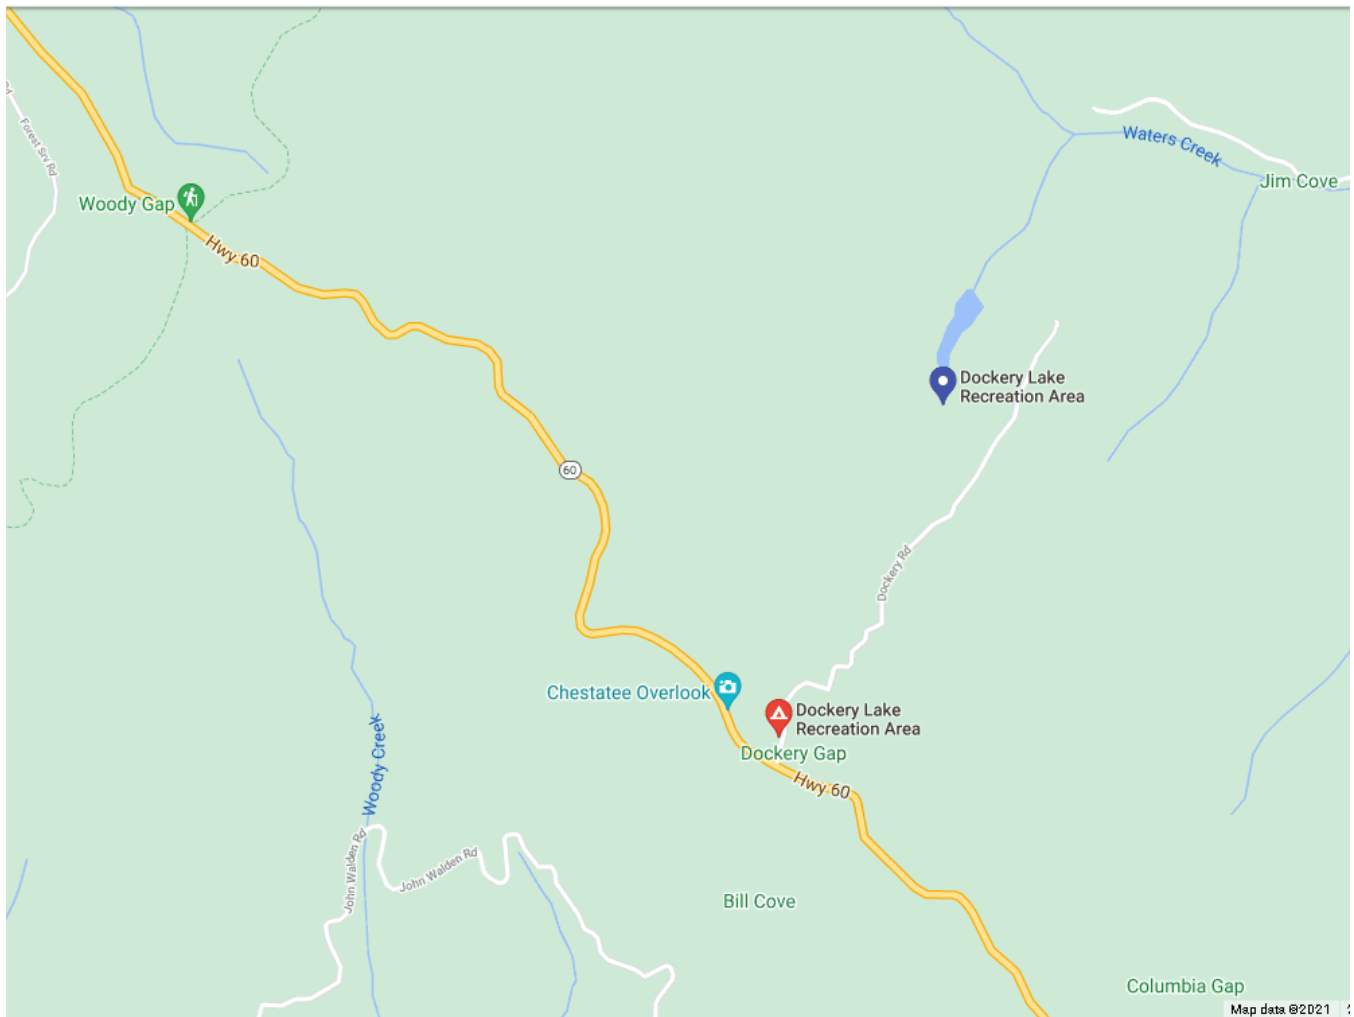

Dockery Lake Trail HCA 500

Date:	Wednesday, September 8, 2021
Event:	Service event to treat the hemlocks in newly approved Dockery Lake Trail HCA 500. We'll be applying Imidacloprid 2F (liquid) using Kioritz soil injectors.
Notice:	<p>As SGH and GATC are committed to protecting the health and safety of our volunteers at all events, we will be following CDC guidelines regarding the <i>coronavirus</i> pandemic.</p> <ul style="list-style-type: none"> > If you have, or recently have had, a fever or any other symptoms of COVID-19, please do not sign-up and do seek appropriate medical help. > We will maintain a 6-foot social distancing except for family units. > Face coverings will not be required but will be available for those wishing to wear them.
Where to Meet:	Meet at the Day Use Parking Lot on Dockery Rd. off GA Hwy 60 about half way between the traffic circle and Woody Gap. There is a U. S. Forest sign opposite the entrance. See map following.
Schedule:	<p>9:00 a.m. – All volunteers report.</p> <p>9:15 a.m. – Volunteers will receive a briefing on the condition of the hemlocks, treatment process to be used, and safety reminders. You will be organized into small teams including one experienced person per team, receive your equipment and supplies, be directed to your treatment site, and begin treating trees.</p> <p>12:00 p.m. – Treatment teams will assemble at the meeting site / mixing station to clean their equipment and to have lunch together.</p> <p>12:30 p.m. - After lunch we will complete site treatment and receive further instructions.</p> <p>By 3:00 p.m. – Our target project completion time is 3:00 p.m. or earlier.</p>
Terrain:	The terrain in the treatment area is gentle to hilly and may involve stream crossing. We'll make sure everyone is assigned to a work site or job assignment where they can be safe and comfortable.
What to Wear:	Dress for the weather and the activity, including long pants and long sleeves, gloves and sturdy footgear, and rain gear in case of light rain. Nitrile gloves will be provided for those who will be handling chemicals. Hardhats will also be provided and required to wear for your safety. Work gloves and tall boots strongly recommended.
What to Bring:	Pack a sack lunch and bring it with you to the treatment site. Bring a personal water bottle and a camera if you like. Your favorite hiking stick and a small day pack to carry things may come in handy. If you have any serious allergies (like bee stings), bring whatever you need to manage the situation.
Don't Bring:	This is an environmentally friendly, pack-it-in pack-it-out event, so please don't bring any glass or Styrofoam items. Also, as much as we love dogs, please don't bring them this time.
Registration:	Participants must sign up in advance by Pete Buak at 706-968-8979 or peterbuak@gmail.com . If you have questions, please call or email before project date.

Dockery Lake Recreation Area – Driving Directions

From Dahlonega via Hwy 60 N 12.9 miles, 26 minutes

From Suches via Hwy 60 S 4.7 miles, 11 minutes

Once you turn onto Dockery Rd., go to the bottom of the hill. You'll see a sign specifying entrance for campers. Turn LEFT to go to the Day Use parking lot.
