

Congratulations!

You're an official Planet Protector!

As a Planet Protector, you promise to:

- Learn as much as you can about the components of our ecosystem, the importance of biodiversity, and the danger of invasive species.
- Tell people about the interdependencies of the plants and animals in our world and help people make informed decisions.
- Share your ideas with others about ways to use resources wisely and protect the environment.
- Become a thoughtful, proactive citizen of Planet Earth.

YOU make a difference, and the planet thanks you!

Save Georgia's Hemlocks is a volunteer, 501(c)(3) nonprofit organization of concerned citizens dedicated to preserving, conserving, and restoring endangered hemlocks through education and charitable service. To learn more, please visit our web site www.savegeorgiashemlocks.org or call the Hemlock Help LineSM 706-429-8010.
